Subject: Detroit Edison Annual Radiological Emergency Response Preparedness Exercise - FERMEX 96 Scope, Objectives, Scenario Event Summary and Scenario Data

One copy of Detroit Edison's scope, objectives, scenario event summary, and scenario data for FERMEX 96 are being submitted to Mr. J. Creed, NRC Region III for review. Please limit the distribution of these documents and withhold from public disclosure to prevent disclosure of scenario information to participants (including NRC participants).

Detroit Edison would like to complete final scenario programming on the simulator during the week of June 10, 1996. Any comments would be appreciated prior to that time.
