ULNRC-2712

Gentlemen:

DOCKET NUMBER 50-483
CALLAWAY PLANT
RESPONSE TO GENERIC LETTER 88-20, SUPPLEMENT NO. 4
INDIVIDUAL PLANT EXAMINATION OF EXTERNAL EVENTS SCHEDULE

- References: 1. ULNRC-2536 dated December 18, 1991
2. NRC letter from L. R. Wharton to
D. F. Schnell dated September 30, 1992
(TAC NO. M83602)

The methods and schedule for performing the IPEEE of the Callaway Plant were provided in Reference 1. In Reference 2, the methods were found acceptable but the schedule was questioned. Barring any unforeseen containment walkdown issues that would require access during Refuel 7 (spring 1995) if not completely addressed during Refuel 6 (fall 1993), Union Electric will submit a response to Supplement 4 of Generic Letter 88-20 by June 1995 in lieu of our original submittal date of September 1995.

Very truly yours,

A handwritten signature in cursive script that reads "Donald F. Schnell".

Donald F. Schnell
