ATTENTION: DR. THOMAS MURLEY
SUBJECT: AP600 TESTING SCHEDULE

Dear Dr. Murley:

Attached is a detailed schedule for the AP600 testing program. The tests on this schedule are the planned or completed matrix tests for the AP600 passive containment cooling system and the AP600 safety injection system.

A more detailed description of the SPES 2 and OSU tests, along with the scaling studies, will be discussed at a meeting with your staff planned for December 9-10, 1992.

Please contact Brian A. McIntyre, 412-374-4334, if you have any questions on this schedule.

Nicholas J. Liparulo, Manager
Advanced Plant Safety & Licensing
