Desk) dated July 5, 1996 (LIC-96-0080)

Dear Mr. Smith:

Subject: Probabilistic Risk Assessment (PRA) Data Supporting Documentation

Enclosed please find the diskette and supporting documentation for the Omaha Public Power District's (OPPD) PRA model for the Fort Calhoun Station (FCS) as transmitted in Reference 3. The enclosed documentation and computer files are being forwarded in response to your discussion with Mr. J. Jay Fluehr, III, Senior Nuclear Design Engineer (OPPD).

The enclosures include the following:

- a diskette with the Level 1 internal events cutsets sorted by core damage sequence,
- the off-site power non-recovery events work package, and
- the initiating events/accident sequence report.
