RE: Emergency Plan for Florence Township Nuclear Waste
Storage Facility

Dear Sirs:

It is my understanding that Red Wing is no longer the primary responder to the Florence Township nuclear waste facility.

It is also my understanding that Lake City is now the primary responder.

10 C.F.R. 72.32 (a) provides that:

The licensee shall allow the offsite response organizations expected to respond in case of emergency 60 days to comment on the licensee's emergency plan before submitting the plan to NRC for approval. The licensee shall provide any comments that have been received within the 60 days to the NRC with the emergency plan.

Lake City, as primary responder, is entitled to review NSP's emergency plan under the regulations of the Nuclear Regulatory Commission prior to the submission of NSP's application to the NRC.

As Mayor of Lake City, the designated primary emergency responder, I request a copy of the emergency plan at your earliest convenience. It is my aim to complete review as quickly as possible so as not delay your application.

Please contact me at your earliest convenience to arrange delivery of the emergency plan.

Sincerely,

Willard Bremer

Willard Bremer
Mayor, City of Lake City
