ENCLOSURE

COMMONWEALTH OF PENNSYLVANIA :  
: SS.  
COUNTY OF CHESTER :

GERALD R. RAINEY, being first duly sworn deposes and states:

I am Vice President of Philadelphia Electric Company, licensee for Peach Bottom Atomic Power Station (PBAPS) and Limerick Generating Station (LGS), licensed under Nuclear Regulatory Commission Facility Operating Licenses DPR-44 and DPR-56 for PBAPS Units 2 and 3 and Licenses NPF-39 and NPF-85 for LGS Units 1 and 2, and am authorized to execute this affidavit on behalf of the Company;

I am familiar with the Company's request, contained in our letter dated November 17, 1992, which is incorporated herein by reference, to withhold in its entirety the report transmitted with our letter from public disclosure in accordance with Section 2.790(a)(6) of the Commission's regulations;

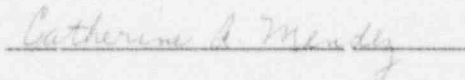

As stated in our letter, the disclosure of the information contained in the report, which identifies the individual who is the subject of the report would constitute an unwarranted invasion of the personal privacy of this individual.

In addition, deletion of the name of the individual alone would still leave sufficient information in the report to identify the individual involved so that exemption of the entire report is warranted.

The statement and matters set forth in our letter and herein in support of the Company's request to withhold a report from public disclosure on the grounds that the disclosure would constitute an unwarranted invasion of the personal privacy of the individual involved are true and correct to the best of my knowledge, information and belief.
