Washington, DC 20555

Attention: Document Control Desk

Reference: Quad Cities Nuclear Power Station  
Docket Number 50-254, DPR-29, Unit One

Enclosed is Licensee Event Report (LER) 96-012, Revision 00, for Quad Cities Nuclear Power Station.

This report is submitted in accordance with the requirements of the Code of Federal Regulations, Title 10, Part 50.73(a)(2)(i)(B). The licensee shall report any operation or condition prohibited by the Plant's Technical Specifications.

The following commitments are being made by this letter:

A review plan will be prepared to identify open items within the component classification program and ensure resolution of those items. The review plan will be completed by 3/1/97.

An evaluation will be performed of the current document change request procedure to ensure requirements are in place to inform operations of changes that may affect procedures. The evaluation will be performed by 12/01/96.
