SUBJECT: AP600 WGOthic TOPICAL REVIEW

- Reference 1. Westinghouse Letter NTD-NRC-95-4489, Liparulo to Quay, June 20, 1995
2. Westinghouse Letter ET-NRC-92-3726, Liparulo to Murley, July 31, 1992

Dear Mr. Quay:

The purpose of this letter is to provide clarification on the topical reports supporting the NRC review of the WGOthic computer code as part of the AP600 review. Topical report WCAP-14382, "WGOthic Code Description and Validation", which was transmitted to the NRC via Reference 1, is the primary topical for the WGOthic computer code. WCAP-14382 fully supercedes topical report WCAP-13246 (Reference 2). As such, review efforts should focus on WCAP-14382 and should not be expended on WCAP-13246.

Please contact John C. Butler on (412) 374-5268 if you have any questions concerning this transmittal.
