BILLY R. CLEMENTS
VICE PRESIDENT NUCLEAR OPERATIONS

SAFEGUARDS INFORMATION

May 8, 1985
TXX #4474

Mr. Harold Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Attention: Document Control Desk

Dear Mr. Denton:

Attached are six copies of an addition to be made to Page 43 of the Comanche Peak Steam Electric Station Revision 4, Physical Security Plan under 10 CFR 50.54 (p) authorization. This addition will not decrease the safeguards effectiveness of the Physical Security Plan. Texas Utilities Generating Company will implement the changes immediately unless otherwise directed by the Nuclear Regulatory Commission.

The enclosure to this letter is Safeguards Information and should be handled in accordance with 10 CFR Parts 2, 50, 70, and 73, "Protection of Unclassified Safeguards Information, Final Rule," which became effective January 20, 1982.

Please treat this addition as a docketed item and process accordingly. We will amend the referenced Plan following your response.

Sincerely,

Billy R. Clement
