May 27th, 1996

Dear Judges,

On May 22nd 1996, at the public hearing part of the GANE proceeding, when my "2.206 Petition under 10 CFR " was entered, GANE accidentally left out my letters to NRC under the "2.206 Petition" of Dec. 4th, 1994 - Feb. 23rd 1995, -March 28th '95,- June 28th '95,- July 18th '95,- an undated letter on my copy containing 12 questions about July/aug '95, -March 14th 1996. As well as the letter to ACOG that was attached to the original first letter under the petition.

Please could you be sure that they are all entered by the court recorder into the record (and sent to the library in Decatur to the local public document room). It is possible GANE did not have all these to begin with, and thought they had handed them all in.

By the way, over the weekend there was yet another pipe break in Atlantas antiquated water/sewer system. Also, Jim Riccio of "Public Citizen" who testified too May 22nd, told me on his way to the hearing, he passed the reactor, and the so-called security gate that enters into the parking lot was wide open. You could ask him about that.

I'm sorry all the 500 plus pages of attachments were not numbered, but I had had to order 14 copies (I thought you all needed 10) and when they were picked up late Tues. evening, they had not been collated ~~they~~ only put it in stacks, so I had to do the 7,000 pages myself by hand and it took me all night until around 8 a.m., plus I ran out of paper clips etc, and had to try and fold down the pages to keep them together. It was a real mess ! Plus it made me so ill, and the bending made my polio leg hurt badly, so I spent the rest of the day in bed until it was time to get to the hearing.

I hope it doesn't cause too much trouble.

Sincerely,

Pamela Blockey-O'Brien,
