Ms. Jona Souder
Chief of Local Public Document Room
U. S. Nuclear Regulatory Commission
7735 Old Georgetown Road
Bethesda, Maryland 20014

Dear Ms. Souder:

Thank you for the opportunity to visit with you about our community's opposition to moving public documents regarding the Wolf Creek Nuclear Generating Plant.

Because of our proud association with all parties concerned during construction, we very much feel a part of the project. We feel it is only appropriate the documents remain in Emporia. Additionally, since Emporia State University provides educational training at the project site, it would seem the documents should remain at their library.

I look forward to hearing from you on this matter.

Sincerely,

L. Dale Stinson, President
and Chief Executive Officer
