Dear Mr. Stolz:

This is in response to your letter dated March 21, 1985 (Log No. 1723) concerning Redundant SFAS Channel Independence; Request for Additional Information (RAI). In the two years since our last correspondence, the personnel who were involved in this concern have left our employment. To provide the RAI, we will review our records and evaluate the data requested. Toledo Edison will submit the response to the RAI in July, 1985 for the Davis-Besse Nuclear Power Station Unit No. 1.

Very truly yours,
