RE: Nine Mile Point Unit 1
Docket No. 50-220
DPR-63

Nine Mile Point Unit 2
Docket No. 50-410
NPF-69

Gentlemen:

Enclosed, please find Issue 2, Revision 2 of the "Nine Mile Point Nuclear Security Training and Qualification Plan". This revision is being submitted in accordance with the provisions set forth in Title 10, CFR50.54(p) and Title 10, CFR50.4(b)(4).

Although changes in this revision were limited in scope and number, they did cause considerable page roll, and therefore, the Plan is being submitted in its entirety. The specific changes are delineated in the "Description of Changes" document attached to this revision. In addition, actual changes within the body of the Plan are identified by vertical bars in the right-hand margin. Niagara Mohawk Power Corporation believes that none of these changes decrease the effectiveness of the "Nine Mile Point Nuclear Security Training and Qualification Plan".

Information contained in the "Nine Mile Point Nuclear Security Training and Qualification Plan" is deemed to be proprietary information under Title 10, CFR2.790(d). Dissemination of the Plan, or any portion of it, shall be limited to personnel of NMPC, its affiliates and agents, and to personnel of the NRC who have a need to know the information in order to perform their official duties.

Very truly yours,

NIAGARA MOHAWK POWER CORPORATION

Joseph P. Beratta
Manager-Nuclear Security

DRK/jr
