Gentlemen:

SUBJECT: Report on Performance Monitoring of Licensee Employee

Reference 2 transmitted a Notice of Violation resulting from falsification of Shift Technical Advisor training records by a licensee employee in 1987. In Reference 2, the NRC requested that Omaha Public Power District (OPPD) provide 6 and 12 month reports on the results of its monitoring of the performance of the individual responsible for this violation.

This individual's performance has been closely monitored by OPPD for the past six months. During this period, the individual has performed assigned tasks in a professional manner, with integrity, and in compliance with applicable NRC and OPPD rules, regulations, and procedures.

OPPD will provide the remaining report in March 1993. If you should have any questions, please contact me.

Sincerely,
