Gentlemen:

SUBJECT: INSPECTION REPORT NO. 40-8027/92-29

This refers to the special, announced inspection performed by Mr. G. Michael Vasquez, from the NRC Region IV office, on November 9-10, 1992. The inspection consisted of a review of activities authorized by Source Materials License No. SUB-1010. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the enclosed report.

Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observation of activities in progress.

Within the scope of this inspection, no violations or deviations were identified.

This brief inspection was conducted to observe operational activities at the site. The inspector noted that all major portions of the facility were in operation and facility managers were evaluating maintenance, health and safety, and environmental issues.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC Public Document Room.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

L. J. Callan, Director  
Division of Radiation Safety  
and Safeguards
