Gentlemen:

SUBJECT: UF6 PRODUCTION SYSTEM (DRY END) STABILIZATION ACTIVITIES

We have reviewed the proposed activities described in your letter dated December 2, 1992, same subject, in order to place the UF6 production facility in a safer (i.e., more stable) shutdown condition. We agree with your conclusion that the steps you have described are consistent with our Confirmatory Action Letter dated November 18, 1992. Accordingly, we have no objections to your commencing with these activities on Saturday, November 5, 1992.

Sincerely,

L. J. Cañan, Director
Division of Radiation Safety
and Safeguards
