RE: RESPONSE TO NOTICE OF VIOLATION
JOHNSTOWN WWTP
DOCKET NO. 030-31706
LICENSE NO. 37-28524-01

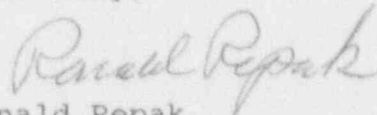

Dear Mr. Costello:

This letter is in response to your letter to Mr. George Avramis, concerning the nuclear weigh meter on the belt conveyor at the Johnstown Wastewater Treatment Plant. This meter has not been in use for a long period of time and will not be put back into operation. This meter is going to be removed to prevent any further violation. The City is currently looking for a buyer of this meter. Until such a buyer can be found for this equipment, Frank D'Ettorre will be serving as the Radiation Safety Officer. In addition, records of the sealed source leak test will be kept for your inspection.

We will write you when the equipment will or has been taken off the treatment plant site.

If you have any questions, please feel free to call.

Sincerely,

Ronald Repak,
Executive Director
