Office of Radiation and Nuclear Safety

November 30, 1992

Mr. Amar Datta
Fuel Cycle Safety Branch
Division of Industrial and Medical Nuclear Safety
United States Nuclear Regulatory Commission
Washington, DC 20555

Docket No. 70-920

License No. SNM-910

Dear Mr. Datta:

This correspondence is to advise your office that we have again been successful in diminishing our SNM inventory. This was accomplished by returning to:

General Electric Company
Nuclear Fuels Department
P.O. Box 780
Wilmington, NC 28401-0780
Atten: R.A. Bruce (919) 675-5582
License No. SNM1097

on an ZEX-YLJ-1 transaction dated August 5, 1992 (copy attached). This was Item G on our SNM License.

Discussion with NYSHD persons this morning indicated our license transfer SNM-910 to NYSHD-1035 will be signed this week. I understand that you have talked to a Mr. Parker and that he is sending you a copy of NYSHD License 1035 when signed.

Thank you again for being of assistance.

Sincerely,

Robert M. Ryan
Director
