Dear Mr. Surmeier:

Enclosed for your information are six copies of the Comment and Response Document (CARD) on the Draft Surveillance and Maintenance Plan for the Green River, Utah, uranium mill tailings disposal site. A final Long-Term Surveillance Plan (LTSP) for the Green River site was transmitted on October 5, 1992, and replaces the draft Surveillance and Maintenance Plan (S&M). The LTSP incorporated responses to comments received from the Nuclear Regulatory Commission on the draft S&M.

The CARD is being submitted, per your request, in order to provide a connection between the two documents and to help identify where responses were incorporated in the LTSP. Should you have any questions regarding this document, please contact Steve Hamp at (505) 845-5640.

Sincerely,

Albert R. Chernoff
