Docket No. 50-320

Mr. Robert C. Arnold
Senior Vice President
GPU Service Corporation
Trailer Number 201
Middletown, PA 17057

Dear Mr. Arnold:

The TMI-2 Containment Building waste water samples are packaged and transported in accordance with NRC and DOE regulations. We believe, therefore, the packaging and transport of these samples are adequate and safe for receiving and handling by Oak Ridge National Laboratory at Oak Ridge, Tennessee.
