U.S. Nuclear Regulatory Commission  
Office of Inspection & Enforcement:

We request hearings on the Marble Hill Nuclear Generating Plant based on information given in Save The Valley affidavits and the original motion to open Safety Hearings.

Our membership is comprised of Clark, Floyd, Harrison, Crawford and Jefferson Counties in Indiana on the Ohio River. There are questions in our minds about whether the N.R.C. is capable of conducting objective investigation of Marble Hill deficiencies.

Sincerely,  
George J. Mouser
