Division of Health Licensing
 ASUB for Docket # SC-207
 US NRC
 Wash, D.C. 20555

Sir:

I would like to make a limited appearance statement during the hearing to consider the proposed re-opening of Unit 1 at Three Mile Island in accordance with 10 CFR 2.175. I feel very strongly that my health and well-being will be affected by the Commission's proposed action, particularly in view of the still on-going accident at Three Mile Island Unit 2. Many of the safety questions raised during the T.M.I. proceeding are still unanswered - for example, a plane crash into either reactor containment and the radiation release from the maximum fuel cycle.

Acknowledged by card. 10/15/79

To resume operations at any time of Unit 1 would be in direct

2.

conflict with the NRC's mandate to protect the public health and safety.

Please notify me well in advance of the hearing date, if possible. I would like to appear at an evening hearing.

Thank you,

Forrest Kelley
