DOCKET 50-155 - LICENSE DPR-6 - BIG ROCK POINT PLANT -  
DOCKET 50-255 - LICENSE DPR-20 - PALISADES PLANT -  
CORRECTION TO TECHNICAL SPECIFICATION CHANGE REQUEST -  
ORGANIZATION

Consumers Power Company letters of January 11, 1985, (Docket 50-255), January 30, 1985 (Docket 50-155), and February 1, 1985 (Dockets 50-155 and 50-255) included proposed revisions to an offsite organization chart, Figure 6.2-1 of the Palisades and Big Rock Point Technical Specifications. The latter letter replaced the charts in the two former letters. Since the submittal of the February 1, 1985 letter the two titles for the position of the Senior Vice President Energy Distribution and Executive Manager of General Services have been changed to Executive Vice President and Vice President General Services.

These title changes are the same as those identified on Figure 6.2-1 in the January 11, and 30 letters. Therefore, the letter of February 1, 1985 reflecting organization title changes is no longer valid. Please use the organization submittals of January 11 and 30, 1985.

An inadvertent omission was also made in the January 30, 1985 change request for Big Rock Point Plant (Docket 50-155). The proposed change omitted Section 6.5.2.2 from page 110. Attached herewith is the corrected page change.
