Mr. Michael F. Weber, Acting Chief
Division of Low-Level Waste Mgt.
Office of Nuclear Material Safety & Safeguards
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Weber:

Please send to the Public Document Room an advance copy of the transcript of the meeting held in Washington, DC on November 12, 1992 to discuss issues on the storage of mixed radioactive and hazardous waste.

If the transcript is only sent through the Document Control System, it generally takes about three weeks to reach the PDR.

Sincerely,

Joseph M. Felton
