Mr. Michael F. Weber, Acting Chief  
Division of Low-Level Waste Mgt.  
Office of Nuclear Material Safety & Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Dear Mr. Weber:

Please send to the Public Document Room an advance copy of the transcript of the workshop to be held in Rockville, Maryland on November 19, to discuss cleaning up contaminated sites with licensees and other responsible parties.

If the transcript is only sent through the Document Control System, it generally takes about three weeks to reach the PDR.

Sincerely,

Joseph M. Felton
