MEMORANDUM FOR: George W. Knighton, Chief
Environmental Projects Branch 1, DSE

FROM: Ronald L. Ballard, Chief
Environmental Specialists Branch, DSE

SUBJECT: TMI LICENSE CONDITIONS

ESB has reviewed the supplements provided by the licensee to the TMI Environmental Program Description Document that were required by conditions placed on the operating license issued in February, 1978. This supplement contains the following procedures to be added to the existing TMI-2 Non-radiological Environmental Technical Specifications Programs Description Document:

1. GP 1476, Rev. 0 - Creel survey
2. GP 1474, Rev. 0 - Comparison of ichthyoplankton sampling gear
3. GP 1456, Rev. 1 - Aerial remote sensing
4. GP 0004, Rev. 0 - NRC non-routine reports

We find that each of these program descriptions is acceptable as submitted.

This review was performed by C. Hickey, G. Gears, and H. Berkson of Environmental Specialists Branch.
