Materials Radiation Protection Section
101 Marietta Street, Suite 2900
Atlanta, GA 30323

Gentlemen:

Enclosed is the Fluor Daniel, Inc. application for a materials license for Industrial Radiographic purposes.

The checks for Category 10.B (\$3200) and Category 3.0 (\$250) have been sent to Bethesda, MD per our telcon 11/25/92.

The Radiation Safety program procedures used for the South Carolina License No. 043 have been annotated to update and provide for automatic locking source devices, alarm ratemeters, and revised gamma constants. Annotations are initialled as requested.

NRC Form 313 is completed with attachments for items 5 through 11.

Also included is a copy of the 10 CFR 71 QA program for information purposes.

We appreciate your consideration of our request for special expedited handling. As you know the impact of delays at the Millstone project are significant.

Please contact me at (201) 825-4510 if you have any questions.

Very truly yours,

William C. Plumstead
Radiation Safety Officer
