Docket No. 50-263

R. L. Tedesco, Assistant Director for Containment Safety, L

RADIWASTE SECTION FOR ENVIRONMENTAL STATEMENT FOR MONTICELLO NUCLEAR
GENERATING PLANT

Please note that the only item that we or the laboratories require for the preparation of the Radiological Impact portion of the Environmental Statement is the numerical source term. The final descriptive Radiowaste Section should be transmitted directly to D. Muller, Assistant Director for Environmental Projects, for inclusion in the Environmental Statement by his Project Leaders. Of course, we would appreciate a copy of the radiowaste section for information.

Informally transmitted source term information will be for Radiological Assessment Branch use only, i.e., not for laboratory processing.
