Docket No. 50-263

J. Kastner, Chief, Radiological Assessment Branch, L

**MONTICELLO RADIOLOGICAL MONITORING PROGRAM**

In accordance with a conversation between F. Congel, J. Kastner, and R. Bevan on 12/13/73, we request the following action be taken by RAB:

1. That you review the Tech Spec change (letter from NSP to J. F. O'Leary, dated November 1, 1973) proposed by NSP for the Monticello Plant, and
2. That you review the radiological monitoring program for the Monticello Plant to ensure consistency with applicable guidelines before adoption of the program in the Environmental Tech Specs for inclusion in Appendix B of the pending FTOL.

Please complete review and comments by January 30, 1974.
