MEMORANDUM FOR: Commissioner Bradford

FROM: Edson G. Case, Acting Director
Office of Nuclear Reactor Regulation

THRU: (Signed) William J. Dircks
Executive Director for Operations

SUBJECT: STAFF ACTIONS IN RESPONSE TO DEFICIENCIES IN
CONNECTOR SPLICES

This is in response to your memorandum of April 26, 1978, concerning the replacement of splices at Monticello. The attached memorandum dated May 10, 1978, describes the circumstances of the Monticello experience.

The staff is planning to issue an I&E circular and to increase I&E inspection of environmental qualifications of electrical equipment. My May 12, 1978 memorandum to the Commission describes our plans for acting on the information gained in the SEP review and also describes how the experience at Monticello and related information gained in ongoing OL reviews will be factored into these actions.
