Dear Sir:

Enclosed is a letter with, pursuant to Part 110, Title 10, Chapter 1, Code of Federal Regulations, one signed form NRC-7 wherein the Under Mines Corporation applies for a license to export nuclear material. Also enclosed is a duplicate copy of the form NRC-7 in which we could appreciate certifying the filing of the application for export.

As you will see, we anticipate exporting the material in August 1980. We would very much appreciate the assistance of the NRC in certifying the license by January 1980 so that we can proceed to prepare the material for export.

If you have any questions, please do not hesitate contacting me.

Very truly yours,

Thomas J. Pennington
