U.S. Nuclear Regulating Commission

Re: Quality Assurance Program - Docket No. 71-0338

Dear Mr. MacDonald:

Metils, Inc., submitted its renewal fee of \$150.00 on September 18, 1984, for its Quality Assurance Project Nuclear License No. 42-16534-01. Review of our correspondence records indicates that although we submitted the required fee, we failed to forward a current copy of our program. We are therefore, enclosing the missing document for your records.

Should there be any questions, concerning the above, please do not hesitate to contact us.

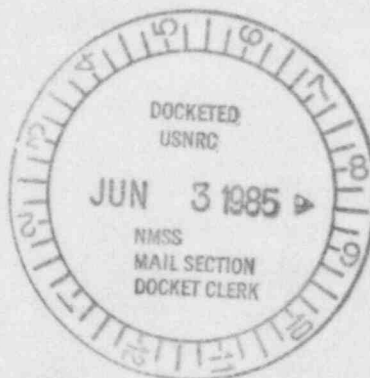

Respectfully,

METILS, INC.
