Dear Mr. Ippolito:

This letter is to confirm telephone conversations with Mr. R. B. Bevan on December 27 and 28, 1979 concerning the completion schedule for the Quad Cities fire protection modifications. Contrary to the schedule provided in the Safety Evaluation Report (SER) transmitted by Reference (a), we will be unable to complete all modifications by December 30, 1979. The completion date for all modifications is now expected to be June 30, 1980.

We will transmit a more detailed schedule for completion of various portions of the installation and Technical Specification submittal by January 4, 1980.

Please address any questions you may have concerning this matter to this office.
