RE: (Renewal) Application for By-product Material License #48-18672-01

Gentlemen:

STS Consultants Ltd., formerly Soil Testing Services of Wisconsin, Inc., wishes to continue to operate under our current license #48-18672-01 previously approved and dated March 23, 1979. We will continue to operate in accordance with the documents out of that license and applicable NRC regulations and license conditions. Please note that only the name of our company has changed from Soil Testing Services of Wisconsin, Inc., to STS Consultants Ltd.

The only other change to our license would be to page #5E, where we made reference to a contact in case of accident at the Nuclear Regulatory Commission Regional Office. This has been changed to read "Inspection and Enforcement Section", Phone #312-790-5500.

Please call Mr. Jon Mueller at 414-494-9656, if you have any questions regarding our renewal application. Enclosed is our renewal fee of \$120.

Very truly yours,

STS CONSULTANTS LTD.
