Dr. D. F. Ross, Jr., Director
Bulletins & Orders Task Force
Office of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Subject: Response to Supplementary Ten (10) System Questions Concerning NEDO-24708

References: (1) Letter, D. F. Ross (USNRC) to T. D. Keenan (BWR Owners' Group). "Additional Information Required for NRC Staff Generic Report on Boiling Water Reactors", October 12, 1979

(2) Letter, W. J. Armstrong (BWR Owners' Group) to Wayne Hodges (USNRC), same subject, November 28, 1979

Dear Dr. Ross:

This letter officially transmits to you, on behalf of the BWR Owners' Group, the responses to the questions of Reference (1). Those responses were previously transmitted to Mr. Hodges of your staff by Reference (2). Mr. Thomas of your staff, in a telephone call with General Electric on December 27, 1979, requested that the responses be retransmitted to you: this letter complies with that request.

Under separate cover, General Electric will shortly forward sixty (60) copies of the enclosure.

If you have any questions, please do not hesitate to call.

Very truly yours,

W. J. Armstrong

W. J. Armstrong, Chairman
Systems Subgroup
BWR Owners' Group
