License No. 21-25865-01
Docket No. 030-30350

Dear Dr. La Penna:

This refers to the special inspection conducted by W. P. Reichhold (Region III) and R. Anderson (Office of Investigations) on April 14, 1992. This special inspection was performed to determine if your facility and equipment were the same as those described in your application for an NRC license.

The areas examined during the special inspection are addressed in the enclosed report. No violations were identified.

Thank you for your cooperation and the information you provided concerning this matter. We have no further questions at this time.

Please be advised you must amend your NRC license before you change any item that is currently approved in your license.

Sincerely,

John A. Grobe, Chief
