

November 7, 1984

Daily Staff Note  
Office of State Programs

Initiatives Voted on in November 6, 1984 Elections

Missouri:

Would prohibit the costs of any nuclear plant from being entered into the rate base of any electrical corporation unless the State PUC finds and the Legislature concurs that there exists a federally approved demonstrated means or technology for the disposal of high-level waste and an acceptable geologic medium.

Would also allow a utility to seek cost recovery of after tax losses if the plant is abandoned. This section indicates that rate payers, taxpayers and shareholders would have to pay for an abandoned plant.

Early indications are that this was DEFEATED by a 2-1 margin.

South Dakota:

Would require an affirmative vote by the people before occurrence of the following:

1. Disposal of either low-level or high-level nuclear waste in the State;
2. South Dakota joining any compact with another State or States for disposal of nuclear waste (retroactive to January 1, 1983).

Also requires applications, public hearings, and newspaper publishing of any proposal on such subject matter. (Exempts storage on-site, with NRC approval, for a primary purpose other than waste disposal).

Early indications are that this was APPROVED in 54% of the precincts, with a 64-36% vote.

Oregon:

Requires the Energy Facility Siting Council to find, before approving a site for the disposal of wastes containing only naturally occurring radioactive isotopes, that the site is not subject to water erosion, earthquakes,

volcanoes, or landslides; that there is no safer choice for such disposal; and that there will be no radioactive release from the waste.

Early indications are that this was APPROVED (no numbers obtained at this time).

✓① what stage are they at w/ waste dump?

✓② what's the timetable?

✓③ has NRC received any parts of the applic.?  
(geologic studies, etc.)

✓④ what do you know about site's hydrogeology?

✓④a) was this  
old U.S. dump  
ground --  
is there  
already  
gw contamination?

✓⑤ do they have to compile an EIS?

✓⑥ is Chem-Nuclear application open for review  
& public comment? will there be notice in Fed. register?

✓⑦ how long public comment is there on applic.?

Can I have the following:

- guidelines for apps. (if other than Part 61)
- Part 51 -- env. report
- any info. on site (hydrogeology, etc.)

✓⑧ what is the env. water wells, etc.

doc. required in Part 61? have they done it?

✓⑨ what about Barnwell?

✓⑩ do they take public input at any  
stage?

☐ VISIT☐ CONFERENCE☒ TELEPHONE☐ INCOMING☒ OUTGOING

Location of Visit/Conference:

NAME OF PERSON(S) CONTACTED OR IN CONTACT WITH YOU

Patty Howe

ORGANIZATION (Office, dept., bureau, etc.)

Congressman Cheney, WYO

TELEPHONE NO.

225-2311

SUBJECT

PROPOSED S.D. LLW DISPOSAL FACILITY.

ROUTING

NAME/SYMBOL INT

SUMMARY

Responded to a Request from OCA to call Ms. Howe.

She had a letter from constituents in counties of WYO on S.D. border who were expressing concerns over S.D. proposed facility.

I talked briefly to her about essentially the same subjects as I talked to Stern. (see memo on meeting to Stern)
