

UNITED STATES OF AMERICA  
NUCLEAR REGULATORY COMMISSION

BEFORE THE ATOMIC SAFETY AND LICENSING BOARD

In the Matter of:

SACRAMENTO MUNICIPAL UTILITY DISTRICT  
Rancho Seco Nuclear Generating Station

Docket No. 50-312

INTERVENOR CASTRO'S FIRST SET OF INTERROGATORIES TO THE LICENSEE (SMUD)

These interrogatories are filed pursuant to 10 C.F.R. § 2.700b, which requires that the interrogatories be answered by the Licensee (SMUD) separately and fully in writing, and under oath or affirmation, within 14 days after service. These interrogatories are intended to be continuing in nature, and the answers should promptly be supplemented or amended as appropriate, should SMUD obtain any new or differing information responsive to the interrogatories.

Because of the interrogatories served on the SMUD by the California Energy Commission, dated November 15, 1979, and on SMUD by Friends of the Earth, dated December 17, 1979, and because of the fact that intervenors CASTRO/HURSH are entitled to receive copies of the SMUD responses to these interrogatories, intervenors CASTRO/HURSH have been able to eliminate any independent requests at this time. To preserve our rights, and in lieu of serving the same or similar interrogatories, intervenors CASTRO/HURSH, in Interrogatory No. 1 below, adopt the above-referenced FCE and CEC interrogatories as our own. To the extent that satisfactory answers to the FCE and CEC interrogatories have been or are supplied, with a copy to Intervenor CASTRO/HURSH, intervenors will deem them to comply with this request.

INTERROGATORY

1. Provide responses to the questions and requests for information contained in the document "First set of FCE interrogatories to the Licensee (SMUD), dated December 17, 1979" and in the document "First Set of CEC interrogatories to the Licensee (SMUD)" dated November 15, 1979.

Respectfully submitted,

*Richard Dale Castro*
