Re: Sequoyah Fuels Facility permit

Dear Sirs:

This letter is to request monitoring well data for the following Sequoyah Fuels Facility monitoring wells for July 1992 thru November 1992:

Solvent Extraction Floor
Denitration Sub-Floor

If you don't find this data, please investigate why the company fails to report it. I can't afford to bring a Citizen Suit to enforce the company's compliance with reporting requirements or to stop the serious contamination which the data would document. But on behalf of Oklahoma Toxics Campaign, I hereby request that you revoke the company's permit for failure to report excessive releases stemming from this problem.

Sincerely,
Kathy Carter-White
