Dear Ms. Miemczky:

Enclosed are the reports I promised you showing waste generated in each State for the years 1979 thru 1983.

Also enclosed are three pages from the DOE Report entitled, "Spent Fuel and Radioactive Waste Inventories, Projections, and Characteristics" which show additional information that may be useful to you.

As I mentioned, for any questions regarding this material or the proposed Low-Level Waste Disposal Facility in South Dakota, please contact me at 427-4787.

Sincerely,
