Commonwealth Edison Company
ATTN: Mr. Cordell Reed
Senior Vice President
Licensing Department - Suite 300
Opus West III
1400 Opus Place
Downers Grove, IL 60515

Dear Mr. Reed:

SUBJECT: INITIAL AND REQUALIFICATION EXAMINATION REPORT

During the week of October 26, 1992, Mr. D. McNeil and others of this office administered initial license examinations to employees of your organization who operate and direct fuel movement at your LaSalle County Station. A requalification examination and a requalification re-take examination were also administered to two employees who operate your LaSalle County Station. At the conclusion of the examination, any generic findings that evolved as a result of the examinations were discussed with those members of your staff identified in the enclosed report. All individuals passed all sections of their respective examination.

Due to the small sampling size, no evaluation was made of your requalification program. The LaSalle County Station requalification program remains satisfactory based on the results of the previous requalification examination.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosures will be placed in the NRC Public Document Room.

Should you have any questions concerning this examination, please contact us.

Sincerely,

ORIGINAL SIGNED BY GEOFFREY C. WRIGHT
