(2) Letter G. H. Bidinger to R. Gregg dated October 15,
1991

Dear Mr. Austin:

This letter resubmits UNC's final survey report for the Unit II, Unit III Vault, and Pack Assembly areas, as described below.

In the reference (1) letter, UNC transmitted final decontamination and decommissioning survey data for specific portions of the UNC Naval Products facility identified as Unit II, Unit III Vault, and Pack Assembly. In the reference (2) letter, the NRC requested UNC to correct the identified deficiencies and resubmit the report.

This letter transmits the corrected report for the same areas identified in the reference (1) letter and is designed to replace that report in total.

Should you have any questions regarding this resubmittal, please contact me.

Very truly yours,

R. J. Gregg
