Dear Mr. Standerfer:

Subject: Three Mile Island Nuclear Station Unit 2  
Docket No. 50-320  
Operating License No. DPR-73  
Organization Plan Change No. 10

We have reviewed proposed Revision No. 10 to the TMI-2 Organization Plan as discussed in your letter dated March 29, 1985. This revision would affect Figure 1.2 by: (1) combining the Shift Supervisor position with the Shift Foreman; (2) adding a new position titled Plant Operations Manager to the former Shift Supervisor slot; (3) adding a position titled SRO Limited to Fuel Handling; and (4) deleting the position of Radwaste Operations Manager.

The staff agrees that all of the above changes are necessary based on upcoming recovery activities. We find that since none of the organization changes will eliminate vital positions nor functions, they are acceptable.

Our approval of Revision No. 10 to the TMI-2 Organization Plan is effective upon your receipt of this letter. A modified Figure 1.2 is also enclosed for your convenience.

Sincerely,

Original signed by B. J. Snyder

Bernard J. Snyder, Program Director  
Three Mile Island Program Office  
Office of Nuclear Reactor Regulation
