DOCKET NUMBER

PETITION RULE PRM-71-7 (43FR25749)

August 8, 1978

Mr. Samuel Chilk
Secretary of the Commission
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Chilk:

I would like to comment on the petition published in the Federal Register dated June 14, 1978, [Docket No. PRM-71-7, Non Destructive Testing Management Association, et.al].

I wish to formally protest the Nuclear Regulatory Commission's attempt to impose the requirements of Appendix E of 10 CFR, Part 71 on our industry. It would create an unnecessary burden on an industry so vital to the Nations' energy program.

Unless I can see some justification in favor of Appendix E to Part 71, which at this time I can see absolutely none, I must support the petition of the N.D.T.M.A.

Yours very truly,

METILS, INC.
