Mr. William Azelson
U. S. Nuclear Regulatory Comm.
Region III
799 Roosevelt Road
Blen Ellyn, Ill. 60137

Dear Mr. Azelson:

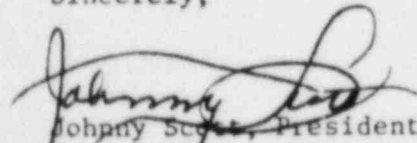

We strongly protest the presence of Radioactive Uranium Hexafluoride and Yellow Cake in our community. We demand that the Edlow International Storage site at 3131 St. Clair Avenue be forced to locate away from a populated area.

We further demand that the soil and remaining structure be tested for any Radiation Hazards and/or deposits of any chemical substance which might be injurious to health now or in the future.

The N.A.A.C.P. REQUEST THAT YOUR OFFICE DENY EDLOW INTERNATIONAL TO BE RE-LICENSED FOR THIS LOCATION.

The N.A.A.C.P. will take whatever action is necessary to insure that this hazard to the people of East St. Louis is removed.

Sincerely,

Johnny Scott, President
E. St. Louis Branch N.A.A.C.P.
