MEMORANDUM FOR: Region III Files

THRU: William G. Snell, Chief, Nuclear Materials Safety, Section 2

FROM: S. J. Mulay, Radiation Specialist

SUBJECT: ATTEMPTED INSPECTION OF WILLIAM LAPENNA, M.D.,
1900 WEALTHY ST., S.E., GRAND RAPIDS, MICHIGAN
LICENSE NO. 21-25865-01

On August 19, 1991, an inspection was attempted at the licensee's facility (Blodgett Hospital Professional Building) to determine if radioactive material has been obtained or used since the previous memo to file dated January 5, 1989. The inspector was informed through Dr. LaPenna's staff that licensed material had not been received and/or used under this license to date. Dr. LaPenna indicated that the license would be retained for future use.

The inspection will be rescheduled for August 1992.
