Reference: Materials License No. 039-01251-03

SUBJECT: 10 CFR Part 71 QA Program Revision

Gentlemen:

The attachments include the requested change to the QA Program that was submitted with the materials license application on November 25, 1992. The requested organizational chart for the radiation safety program is attached also.

Please contact me or leave messages at (803) 281-5337, for any needed clarification or questions.

Very truly yours

William C. Plumstead
