

Dear Sir,

DOCKET NUMBER

PROD. & UTIL. FAC.

50-367

2-21-80

Please stop the building of
the Bailly Nuclear Plant, if
the commission cannot control
the growth of these plants it
should be up to the public
where they should be placed.

According to stories I've read,
the Bailly site is one of the
worst sites in this country.

I don't know if you've ever
been to the dunes but they are
beautiful. Please help us stop
the destruction.

Thank-you for listening
