Sec of the Comm. ~~Regulatory Commission~~ 2/29
U.S. NRC
Washington DC 20555

Attn: Docketing & Service Branch

Dear Sirs:

We would like very much for you to
to Tulsa + hold meetings on the
need increase in the emergency evacu-
ation areas around nuclear power
plants.

We don't believe we would be protected
by the current plan in case of, God
d, a meltdown at Black Fox

Nuclear Power Plant near
us.

yours truly

Nancy Perreault
