General Provisions, Time and Material or Labor Hour Contract

5. Part 2D-1 GENERAL, Subpart 2D-1.54 Contractor Organizational Conflicts of Interest

This Basic Ordering Agreement (BOA), as defined in Federal Acquisition Regulation 1-3.410-2, provides the terms and conditions under which the contractor is required to provide the services described in Article 11. This Agreement is not to be used as a contract and is neither intended to restrict competition nor imply that the Government will place future orders for these services.

Article 11 - SERVICES TO BE ORDERED

The contractor shall provide to the Government technical assistance services as the Government may order hereunder in the manner thereafter provided. Such services shall be as generally described in the following Statement of Work:

STATEMENT OF WORK

The contractor shall provide technical assistance in evaluating applicants' submittals which pertain to the socioeconomic impacts due to existing or proposed uranium mill and/or tailings impoundment projects. A separate evaluation will be required for each project.

Evaluations will be required for:

- 1) proposed uranium mill projects
- 2) tailings impoundment & reclamation projects
- 3) uranium mill decommissioning projects

For each project the Contractor shall supply the necessary facilities, material, services and personnel to accomplish the following tasks:

Task 1 - The contractor shall review the applicant's submittals pertaining to socioeconomic impacts, and shall identify any requirements for additional information. Any requests for additional information shall be made of the applicant by the NMSS Project Officer only.

The evaluation shall consist of an examination of the following:

1. The Existing Environment
 - a) Demography and Socioeconomic Profile
 - b) Land Use
2. Environmental Impacts
 - a) Land Use
 - b) Socioeconomic Impacts

Task 2 - The contractor shall document the examination of the applicant's submission on socioeconomic impacts in a report concerning the accuracy and scope of the information as well as any assumptions and conclusions, either stated or implied, contained therein. The enclosed Draft Environmental Statement (DES) contains a recent evaluation of the socioeconomic impacts of a proposed uranium mill project. The contractor's report shall contain sections similar in format to the following portions of the enclosed DES: Section 2.4 on Demography and Socioeconomic Profile, Section 2.5 on Land Use, Section 4.2 on Land Use, and Section 4.8 on Socioeconomic Impacts.

The contractor may propose an alternative method for reviewing and reporting on the applicant's submission on socioeconomic impacts, i.e., the contractor's proposed method instead of that suggested herein by the NRC.

Task 3 - The contractor shall respond to public comments or other agency (State or Federal) comments on the evaluations if requested by the NMSS Project Officer. The contractor shall also provide testimony at public hearings on the evaluations if requested by the NMS Project Officer.

3.0 Reporting Requirements

3.1 Monthly Letter Report

If an individual Task Order specifies the requirement for a monthly letter report, the contractor shall submit each month 3 copies of a brief letter report which summarizes: (1) the work performed during the previous month; (2) personnel time expenditures during the previous month; and (3) costs: (i) current period, (ii) cumulative to date, and (iii) cost projection by month to completion of the work effort. (The first monthly report shall provide the initial cost projection and subsequent reports shall either provide revised project or indicate "no change in the cost projection.") The reports shall be due by the 15th of each month with distribution as follows:

Mr. Gene Trager, Uranium Mill Licensing Section, Project Officer,
NMSS (1 cy)
Office of the Director, NMSS (ATTN: Program Support) (1 cy)
Mr. Dennis Dougherty, Contracting Officer (1 cy)

3.2 Task 2 Report

The contractor shall submit a draft evaluation report with the following distribution:

Project Officer, NMSS (5 copies)
Office of the Director, NMSS (ATTN: Program Support) (1 cy)
Mr. Dennis Dougherty, Contracting Officer (1 cy)

Generally this report will be submitted within three (3) months of the start of the project review; however, some cases may require a shorter delivery period.

The Project Officer shall furnish any comments on the draft report to the contractor within two weeks after receipt of the draft. Such comments are not intended to prejudice the contractor's technical judgements, but to assure that the report adequately addresses the work and is clearly and concisely written.

Within two (2) weeks after receipt of the Project Officer's comments the contractor shall submit a revised report based on these comments in ten (10) copies to:

Project Officer, NMSS (8 copies)
Office of the Director, NMSS (ATTN: Program Support) (1 cy)
Mr. Dennis Dougherty, Contracting Officer (1 cy)

In addition the contractor shall provide the Project Officer with one camera ready copy of each report.

Task Reports

For task reports prepared under the provisions of this contract, the format shall be in accordance with the provisions as stated in NRC Manual Appendix 3202 for either "Formal Contractor Documents" or "Interim Contractor Documents" as appropriate.

Article III - PLACING AND PROCESSING OF ORDERS

(a) Ordering Period: The Government, from time to time, during the period commencing on the date of this Agreement and continuing until the date of termination (hereinafter called the "Ordering Period"), shall place orders for services hereunder. Each order placed under this Agreement shall be issued and processed in the manner hereinafter provided.

(b) Authorized Ordering Activities: Contracting Officers of the Nuclear Regulatory Commission may place orders under this Basic Ordering Agreement. The Contracting Officer has full responsibility for administering all contractual actions arising from any task orders issued and has the sole responsibility and authority to make any changes to the provisions of this Basic Ordering Agreement.

(c) Types of Orders: Orders placed hereunder will be of two types. Unpriced Orders and Priced Orders as defined in subparagraphs (1) and (2) below:

(1) Unpriced Orders: Unpriced orders are hereby defined as orders hereunder for which price and delivery will be proposed by the contractor as provided in paragraph (f) of this Section.

(2) Priced Orders: Priced orders are hereby defined as orders for which the parties have agreed upon price, and all other terms and conditions of the order prior to issuance. A Priced Order will be identified as follows:

"This is a Priced Order issued pursuant to Section
(c) (2) of Basic Ordering Agreement and (Contractor Name)
offer of (Date) ."

(d) Content of Order: Each order placed under this contract shall include the following:

- (2) Citation of the negotiation authority pursuant to which the order is negotiated.
- (3) Applicable Appropriation and Accounting Data and special invoicing instructions where applicable.
- (4) For Unpriced Orders: A desired period of performance and/or delivery date and a monetary limitation for all the work covered by the order. (This monetary limitation shall be deleted upon the establishment of contract prices.)
- (5) For Priced Orders: Agreed to, total order price and period of performance and/or delivery dates.
- (6) Such other terms and conditions as may be pertinent to the particular tasks thereby ordered.

(e) Authority to Proceed:

- (1) Unpriced Orders: Upon receipt of any unpriced order hereunder, the contractor shall proceed with the work subject to the limitations of paragraph (j) of this Section. However, the contractor shall not proceed in the following circumstances:

(a) Incomplete or Inadequately Described Tasks or Projects: The contractor shall immediately communicate with the Contracting Officer and request an appropriate adjustment in the order for tasks or projects which are incomplete or inadequately identified, except as applies to typographical errors and other obvious errors.

(b) Orders Which Contain a Monetary Limitation Which is Unreasonably Deficient When Related to the Dollar Value of the Services to be Furnished Hereunder: When the monetary amount provided with the order is so deficient as to make it impracticable to perform the work thereunder the contractor shall notify the Contracting Officer in advance of submission of the proposed price for the effort, the dollar amount of understatement in the monetary limitation contained in the order. The Contracting Officer will notify the contractor in writing of the desired action to be taken.

- (2) Priced Orders: Upon receipt of any Priced Order hereunder, the contractor shall proceed with the tasks specified therein. However, the contractor shall not proceed with any task that does not set forth price and delivery provisions agreed to by the parties. In the event of receipt of Priced Orders which do not reflect the agreed upon provisions, the contractor shall immediately communicate such information to the Contracting Officer. The Contracting Officer will promptly notify the contractor of action to be taken with respect to such order.

(f) Processing of Unpriced Orders by the Contractor:

- (1) Within thirty (30) days after receipt of each Unpriced Order hereunder, or within such period as the Contracting Officer may specify, the Contractor shall submit a proposal containing the proposed price for the effort, period of performance or delivery dates, and such other information as is pertinent to the task.
- (2) When the total of the costs or prices proposed for the unpriced order exceeds \$100,000.00, the contractor shall, unless otherwise specified by the Government, furnish the Contracting Officer with a cost breakdown of the total order price on the current edition of Optional Form 60 (Contract Pricing Proposal). Additional cost breakdowns and/or substantiating data shall be made available to the Contracting Officer upon request. Orders priced by the contractor below \$100,000.00 shall be returned to the Contracting Officer with such substantiating data as are reasonably requested to facilitate a pricing review and subsequent negotiation. Such data may be requested by the Contracting Officer at the time of placement of the unpriced order or subsequent to receipt of the contractor's proposal.

(g) Processing of Priced Orders by the Contractor:

- (1) Within fifteen (15) days after receipt of each Priced Order hereunder, or within such additional period as the Contracting Officer may allow, the contractor shall sign and return three (3) copies of the task order to the Contracting Officer, acknowledging receipt of the task order and acknowledging that the task order contains price and delivery provisions agreed to by the contractor.

(h) Processing of Unpriced Orders by the Contracting Officer: An order for which the contractor has submitted proposed prices will be processed by the Contracting Officer as follows:

Within thirty (30) days or such additional period as may be mutually agreed upon after receipt by the Contracting Officer of the contractor's proposal, the Contracting Officer shall either:

- (1) Issue a Supplemental Agreement, for execution by both parties specifying the proposed prices thereby signifying approval of the proposed prices;

- (2) Terminate the task order in its entirety in accordance with the clause hereof entitled, "Termination for Convenience of the Government";

- (3) Notify the contractor of the need for further negotiations. When an agreement on price is reached, the Contracting Officer shall issue a supplemental agreement definitizing the unpriced order into a priced order. The agreement shall be executed by both parties.

(i) Disagreement as to Prices: In the event of a failure to agree on price, such failure shall be deemed to be a dispute concerning a question of fact in accordance with the clause of this agreement entitled "Disputes".

(3) Limitation of Liability of the Government: Prior to cancellation of an order, the Government shall be obligated to pay to the contractor at any time it is reasonably determined that the amount incurred with respect to such order, plus termination expenses and profit, will exceed the dollar limitation set forth in the order. In the event the contractor so stops work on any order he shall promptly notify the Contracting Officer of such fact and advise the Contracting Officer of the amount of increase in monetary limitation which is reasonably required in order to permit the contractor to proceed further with the order. The Government shall not be obligated under any of the provisions of this agreement, including, without limitation, the above provisions of the clause of this agreement entitled, "Termination for Convenience of the Government", to pay to the contractor with respect to tasks under an order, any amount in excess of the monetary limitation stated in the order.

Article IV - PRICING AND NEGOTIATION OF ORDERS

<u>Labor Category</u>	<u>Hourly Rate</u>
-----------------------	--------------------

(This Basic Ordering Agreement shall be modified to incorporate probable labor categories and rates to be used upon agreement of same.)

In the event that a Time and Materials or Labor-Hour type order is issued which covers labor categories not identified herein, such orders shall have hourly rates negotiated for that specific order only and shall not be binding for any future order issued unless and until such hourly rates are incorporated into this Basic Ordering Agreement by modification.

Article VIII - PRICING OF ADJUSTMENT

When costs are a factor in any determination of a contract price adjustment pursuant to the "Changes" clause or any other provisions of this agreement, such costs shall be in accordance with Part I-XV of the Federal Procurement Regulation as in effect on the date of the order.

Article IX - CONTRACTOR NOTICE REGARDING LATE DELIVERY

In the event the contractor encounters difficulty in meeting performance requirements, or when he anticipates difficulty in complying with the task order delivery schedule or date, he shall immediately notify the Contracting Officer in writing, giving pertinent details; provided, however, that this date shall be informational only in character and that this provision shall not be construed as a waiver by the Government of any delivery schedule or date or of any rights or remedies provided by law or under this agreement.

Article X - TYPE OF CONTRACT

Each individual task order issued hereunder shall specify a particular contract type such as fixed price, labor-hour, cost-plus-fixed-fee, etc., and shall reference the General Provisions applicable to the task for each contract type.

Any modification or revision shall be evidenced by a supplemental agreement modifying this Basic Ordering Agreement.

This agreement may be terminated upon thirty (30) days written notice by either party to the other, except that the Government may immediately terminate this agreement at any time after the parties fail to agree to any deletion, addition, or modification to this agreement which is required by statute, Executive Order, or the Federal Procurement Regulation. No deletion, addition, or modification to or termination of this agreement shall affect any orders theretofore entered into between the parties in which this agreement has been incorporated, by reference.

Article XIII - WORK FOR OTHERS

Notwithstanding any other provision of the Basic Ordering Agreement, during the term of any task order issued thereunder, the Contractor agrees to forego entering into consulting or other contractual arrangements with any firm or organization, the result of which may give rise to an actual or apparent conflict of interest with respect to the work being performed under the task order. The contractor shall insure that all employees who are employed full time under any task order abide by the provision of this clause. If the contractor believes with respect to itself or any such employee that any proposed consultant or other contractual arrangement with any firm or organization may involve a possible conflict of interest, the contractor shall obtain the written approval of the Contracting Officer prior to execution of such contractual arrangement.

Article XIV - AUTHORIZED REPRESENTATIVE

The Contracting Officer may designate an authorized representative under each task order for the purpose of assuring that services required under the agreement are ordered and delivered in accordance therewith.
